I. New York State Home Program

Program description

The NYS Home Program is a federally funded program administered by the Housing Trust Fund Corporation through the Office of Community Renewal. The program funds a variety of residential housing activities to expand the supply of decent, safe, and affordable housing throughout the State of New York.

Eligible applicants

Eligible applicants for this funding round are units of local government to include counties, cities, towns and villages, non-profit organizations incorporated under State Non-Profit Corporation Law, and Public Housing Authorities.

While all areas of New York State are eligible, programs located within another HOME Participating Jurisdiction, should provide evidence of funding commitments from the alternate local HOME PJ. Thus, showing the leveraging of additional funds for their program and reducing the amount of funds needed from the NYS HOME Program.

To be eligible to apply, applicants must have been in existence and providing recent and relevant residential housing services to the community for at least one year prior to application.

II. Community Development Online (CDOL) Application System

Applications for NYS HOME Program funding are submitted through the Community Development Online (CDOL) application system. Applicants may make a request, based on demonstrated need, to submit a paper application in lieu of using the CDOL.

Requests for approval to submit a paper application must be sent to ocrinfo@hcr.ny.gov.

NYS HOME Program Application exhibits and attachments must be submitted and certified in the CDOL system by 4:00 PM (EST) Thursday September 7, 2023.

Applications and supplemental materials received after the stated deadline will be considered a late submission and will not be accepted or reviewed.

Registering Applicant & Security Manager

Please review the following to confirm that the applicant organization is prepared to use the CDOL system.

To use CDOL, applicants must:

- Be registered in the New York State Homes and Community Renewal (HCR) Statewide Housing Activity Reporting System (SHARS)
- Have designated a Security Manager for their organization. The Security Manager will serve as the individual who authorizes and monitors access to CDOL for the applicant's organization, including which people can update the organization's applications. Security Managers may go into CDOL system and add or remove users for their organization.

Forms are available on HCR's website: <https://hcr.ny.gov/community-development-online>.

A. If the organization has not previously applied for funding:

Submit an Applicant Registration Form to register as a SHARS Applicant AND CDOL a Security Manager Registration Form following directions on the form itself. OCR staff will register the organization and Security Manager and e-mail a USER ID and password to access CDOL.

B. If the organization is a registered SHARS applicant, but has not registered to use CDOL:

Complete and return the Security Manager Registration Form with an original authorized signature to the address specified on the form and OCR will e-mail a User ID and temporary password with which to access the CDOL system.

C. If the organization has previously used the CDOL system to apply for funding:

Applicants who used CDOL in the past will still be registered and may use the user ID and password previously assigned to them. To retrieve a forgotten password, go to CDOL and enter the USER ID and e-mail address. A new password will be automatically e-mailed. If the email address associated with the USER ID has changed, and the password or USER ID has been lost, please send an email to ocrinfo@hcr.ny.gov for assistance.

III. Identifying and Registering Organization's Electronic Signatory

Applications submitted through the CDOL system must be electronically certified by an authorized representative of the applicant's organization. The person who will certify the application must be set up in CDOL as a user for the applicant organization. The Security Manager (identified on the Security Manager Registration Form) may add the certifier by following these steps:

1. Log into CDOL and click on the User Administration link at the top of the page. The organization name will be displayed with a list of CDOL users.
2. To add the organization's authorized signatory, click 'Add New User', and enter their first and last name, and e-mail address.
3. Select their access level from the drop-down box. Applicant inquiry allows the user to view but not change the application. Applicant update allows the user to make changes to the application.
4. Click the box that reads 'Authorized to Sign Certification'
5. Click the box next to the organization name. Then click 'Submit'.
6. CDOL will generate an e-mail providing the user with their User ID and temporary password. Later, when the application exhibits are complete, validated, and ready to be submitted, the certifier must log-in to the CDOL, complete the certification, and submit the application exhibits. Required application attachments must also be certified prior to submission.

Verifying Applicant Information

Prior to beginning a new application using the CDOL system, the applicant organization must verify and update the organization information. To do so, log in and from the CDOL Main Menu, select the 'View' button to the right of the organization's name, under the 'Organization' heading. A pop-up window will appear with the organization information HCR has on file. If any of the information displayed is incorrect or

needs updating, close the pop-up window and select the 'Edit' button to the right of the organization name. Please be sure to include the name and mailing address for the contact authorized to execute a contract with HTFC. It is important for HCR and HTFC to know where to mail potential award and contract materials.

All submissions must be fully complete, contain all sections of the form, be clear and legible, certified, signed and dated within the calendar year of the application, and include any attachments referenced in the VRQ. These attachments should be uploaded separately. Do not rely on links in the PDF.

XIII. Uploading & Certifying Attachments

Uploading Attachments

Return to the Menu, then click on the ‘Attachments’ link to the right of the application name. This link will access the Attachment Upload window. The Attachment Upload page lists the applicable attachments for the application.

To the right of each listed attachment is an 'Add' link. Click the 'Add' to begin to attach files. Select the 'Browse' button to browse for the file to be uploaded. After locating and selecting the file, click the 'Upload' button to begin the upload. A progress bar will display the progress of the upload. Once complete, the applicant will be redirected to the main attachment Upload screen. The uploaded file name will be displayed under the attachment.

To the right of each uploaded file will be two links: 'View' and 'Delete'. 'View' allows the applicant to view and optionally print the file to verify that the correct document is attached. 'Remove' allows the applicant to delete the file prior to submission.

Attachments that are not required will have an 'Omit' link. Applicants must click the 'Omit' link if an optional attachment will not be included.

An applicant may upload multiple files for each attachment. Please limit the uploaded files to those documents specifically requested in the Attachment Instructions. Whenever possible, combine multiple files into one. All required attachments must be uploaded before the group can be submitted.

Submitting and Certifying Application Attachments

When all required application attachments have been uploaded, the organization’s authorized signatory must log-in and click ‘Submit’ on the Attachment Upload page. CDOL will display an ‘Attachment Receipt’ then an ‘Attachment Certification’ which must both be clicked to complete the submission. Once complete,

a message will appear at the top of the screen indicating that the application attachments have been successfully submitted, and the application process is complete. Once the attachments have been submitted, the HOME LPA Program Application is complete and may not be changed.

Return to the main menu using the navigation menu in the top left corner of the screen. Now that the application exhibits and attachments are complete, submitted, and certified, the Application Status next to the application name should indicate Completed.
